Centre for Beauty is constantly looking for new items and add to their venue on a regular basis. Check out our website for the most current items available.

The North American School of Podology (NASP) was founded in 2000 in North America to help distinguish the professional who has advanced training and knowledge in pedicures from the standard salon technician.

NASP has built a reputation for excellence in teaching and meeting individual student's needs. Their team of educators brings a wealth of knowledge and experience in the area of foot care. They are dedicated to offering the most up to date information on foot problems encountered by the pedicurist along with various practical methods of management. The pedicure service is more than a "manicure" of the feet, but less than a chiropody treatment.

The Mission of the North American School of Podology is to improve the quality and safety of pedicures in North America one foot at a time.

Centre for Beauty host all classes offered by NASP.

Sterilizing Tray

Recommended cleaning of NASP implements;

- Clean tools with soft brush and surfactant in cool water
- Rinse and dry well
- Disinfect properly with the recommended Micrylium products (can be immersed)
- Dry Well
- Store in clean, dry container
- Every 2-3 months, implement hinges should be wiped with an oil specifically for stainless steel

Medilogics

METATARSAL PADS, GEL TOE CREST, TOE STRAIGHTENERS, TOE SEPARATORS AND TOE SHIELDS

- Silicone metatarsal pads relieve dropped metatarsal heads. Designed specifically for comfort and pain relief.
- Toe crests relieve forefoot and toe pain caused by hammer, claw and mallet toes. Provides maximum comfort and reduces pressure from the toes and metatarsals.
- Silicone toe straighteners align our toes with constant gentle pressure. Keeps your toes from overlapping and reduces friction for maximum comfort.
- Silicone toe separators reduce friction and irritation between the toes.

PEDI-SLIPPERS

About

Centre for Beauty , is the only “Foot Care Only” Distributor in the USA offering quality products which care for the feet to the Salon Professional. We understand the challenges Nail Technicians and Salon Owners face in this ever changing Beauty Industry.

CJ (founder/owner/operator) has been active in the Beauty Industry for over 28 years. She is a former Salon owner, a licensed Nail Technician, a C.M.P, Certified Master Pedicurist and CPOD, Certified Podologist. Her passion for feet grew as she was introduced to the finest products known to our industry and recognizing the tremendous need to change the way Foot Care is viewed in our society today.

Nail Technicians have always been the low man on the totem pole. It is CJ’s mission to offer Nail Technicians superior service, continuing education and the attention they deserve. The Foot Care industry is the fastest growing service in our Salons and Spas since 2008. Technicians are trusted by millions of clients daily. Higher education, knowledgeable resources and quality products are a must in order to provide results and solutions in offering the highest level of services.

Centre for Beauty offers education resources through our website as well as our App. We offer products which can and will take your Foot Care services to the next level. We offer products which say, “we care”.
